

## Product Announcement

New ECC Product:	ECG & Pharmacology Instructor CD
Product Code:	80-1448
Price:	\$20.00
Product Supersedes another?	No.
Brief Description:	<p>The American Heart Association's adult ECG &amp; Pharmacology Course presents information on basic electrophysiology, normal ECG measurements, basic arrhythmias, basic ACLS drugs, usage and routes of administration during cardiovascular emergencies, and how to integrate basic drug pharmacology into ACLS algorithms.</p> <p>The adult ECG &amp; Pharmacology Course is divided into two modules of slide presentations, one for ECG and one for Pharmacology, which can be taught together or separately, depending on need. The instructor CD also contains accompanying instructor notes and lesson maps as well as administrative documents.</p> <p>The course is designed to be instructor-led using large group interaction. A certificate of completion will be available to providers upon successful completion of the course. Course length is approximately 3.5 hours for the ECG module and approximately 2.75 hours for the Pharmacology module; if taught together, the course length is 6.25 hours.</p>
Purpose/Intended Audience:	For experienced instructors with extensive knowledge and educational experience in teaching basic arrhythmias.
Date at distributors:	October 16, 2007
