

Product Announcement

New ECC Product:	HeartCode™ ACLS Part 1
Product Code:	80-1516
ISBN	978-0-87493-915-6
Price:	\$105.00
Product Supersedes another?	Yes. 2008 edition supersedes <i>HeartCode™ ACLS Anywhere</i> (80-1450)
Brief Description:	<p><i>HeartCode™ ACLS Part 1</i> is a web-based elearning product that uses eSimulation technology to present realistic patient scenarios for the ACLS cases. While interacting with the program, students assess each patient, formulate a treatment plan based on 2005 AHA Guidelines for CPR and ECC, and provide treatment. In addition, the team dynamics lesson and written test are required for completion of part 1.</p> <p>This revised version has been enhanced to include</p> <ul style="list-style-type: none"> • an improved user interface • the ability to treat multiple rhythms (megacode) in the same scenario • an enhanced stroke case • a new respiratory arrest case • a new code clock • additional supplemental materials from the <i>ACLS Provider Manual</i> <p>Successful completion of the online cognitive component (part 1), paired with skills verification (part 2 - practice and part 3 - testing) meets the requirements for the issuing of an AHA ACLS Provider card to the participant. Practice and testing sessions can be provided by an AHA ACLS Instructor or a HeartCode™ voice-assisted manikin system (VAM).</p> <p>HeartCode™ ACLS Part 1 is approved by the Accreditation Department for Continuing Education for Physicians, Physician Assistants, Nurses, Pharmacists, and EMS providers by their respective credentialing bodies (ACCME, AACN, ACPE, and CECBEMS).</p>
Purpose/Intended Audience:	An alternate way to complete the cognitive requirements for the American Heart Association ACLS educational and training program for healthcare learners, instructors, and administrators.
Date Available:	June 23, 2009
